Construction of Stalls in the Shandy mandan in the French Rocks minor Mkt

General and Revenue Secretariat — Mk File No 6528 of 1941 42 — [App F III—2

Serial No

1 During the years 1938-39 & 1940-41 a total sum of Rs 900/- was given by Govt as grant out of the Town Improvement Fund for the French rocks Minor Mkt for the construction of stalls in the Shandy Mandan at the place. This amount as well as an equal amount of Rs 180/- in all was credited to the P W D deposits on 26.4.41 but the work has not been taken up but revised estimates have been framed the cost of which is Rs 3950/- It is stated that the increase is due to the fact that a compound wall was proposed for the Shandy Mandan, in addition to the stalls the Mkt by no means at present to spend on these works. The French Rocks Minor Mkt

6 have resolved to drop the question of executing the above works in view of the increased cost of materials due to war and to utilize the above sum of Rs 1800/- towards the Drainage work which is proposed to be taken up in the interest of the sanitation of the Town. We do support the proposal

(b) In the circumstances stated, the proposal to divert the above amount of Rs 1800/- towards the Drainage scheme which will be sometime shortly may perhaps be approved

Subject re the construction of stalls in the Shandi maidan, Channapatna

---

I have the honour to state that Town Improvement Grants of Rs 500/- and Rs 400/- have been sanctioned during the years 38-39 and 40-41 respectively for the construction of stalls in the Shandi maidan in Channapatna Town. The President Municipal Council, Channapatna, has in his report No C 107 of 40-41 dated 5th October 1941 stated that the original estimates got up in this connection are unworkable due to rise of prices of materials on account of the present war and has as an alternative suggested that the work as revised which includes the compound also might be taken up by the Municipal Council at a cost of Rs 3950/- as per the estimate, prepared by the Assistant Engineer, No II Channels Division, Channapatna.

With the object of effecting savings under the tools and plant charges, he has solicited sanction for executing the work under the Municipal agency by withdrawing the amount of Rs 180/- which has already been credited under 17(a)P W Deposits out in accordance with Comptroller's Circular No 424 dated 4th February 1941 the above work is required to be executed by the Public Works Department.

On making reference in this behalf to the Assistant Comptroller, Local Audit Circle, Mysore, he has stated in his letter No 463/AC dated 18th November 1941 that sanction of Government is necessary to get the above entioned work executed under the Municipal agency. In view of the slender resources of the Municipality it is desirable that this work may be got executed under the Municipal control so that the tools and plant charges may be saved. I, therefore request you to kindly to obtain the orders of Government to execution of this work by the Channapatna

P T O

municipality

Copy of letter No 436/TAC dated 18th November 1941 of the Assistant Comptroller, and Mysore, - Local Audit Circle, and copy of letter No C 107/40-41 dated 7th October 1941 from the President Municipal Council Ft Rock, together with the plan and estimate of the work are enclosed herewith for kind reference

I have the honour to be,

---

Subject: Construction of compound wall to the shandy maidan instead of stalls

---

In submitting herewith the file of records on the above subject I have the honour to state that the cost or the above work was - originally estimated at Rs 1000/- and the Government had given a grant of Rs 500/- in the year 1938-39 being half the cost of the estimate This amount was drawn and credited to the municipal fund under Public Debt n account o increase of rates on materials due to war, this estimate could not be worked out, hence the estimate was revised at a cost of Rs 1800/- for the same work In order to meet the extra cost of Rs 900/- which exceeded the original estimate o Rs 1000/- a further grant of Rs 400/- as sanctioned by the Government in the year 1940-41

The total cost for the execution of the work estimated to Rs 1800/- met in equal proportions of Rs 900/- from the Government a grant and Rs 900/- a municipal quota as drawn and credited under 17(a) P F Deposits on 26-1-41 On a reference made to the Executive Engineer, and a Division, Sandya, in this office No C 107/40-41 dated 20- -41 to arrange for the execution of the work, the Executive Engineer intimated in his letter No 124 dated 21-7-41 that even the revised estimate for Rs 1200/- cannot be worked up and has forwarded a revised estimate for Rs 250/- for the same work As the financial position of the municipality is very poor, it is not possible to meet the extra cost of the estimate, hence this work could not be taken up for execution

In this connection, I bring to your kind notice that there is no compound all to the shandy maidan and this causes much inconvenience for the collection of market fee which is carried on Khari system by the municipality as contractors are not coming forward for this reason To avoid leakage under this head, it is desirable to have a compound wall to the shandy maidan This was inspected by you on the 22nd Aug 1941 and were kind enough to approve the proposal An estimate has been prepared at an estimated cost of Rs 3900/- for this work relieving stalls and submitted herewith for kind perusal along with the resolution

of the Municipal Council

In the circumstances reported above it is humbly submitted that sanction be accorded to insert the this work, and also solicited to get the work executed by the Municipal Council as it saves tools and plant and establishment charges sanction may also kindly be accorded to withdraw the amount credited to 17(a)P & D

This was brought to our notice when he had visited Trichinopoly last month

Yours

Deputy Commissioner,
Manavya District

sbs

Letter No 466/TAC dated 13th November 1941 from the Asst Comptroller, Local Audit Circle, Mysore, to the Deputy Commissioner, Bandra,

---

With reference to your letter No As-C-1054/41-42 dated 11th Nov, 41 regarding sanction to be obtained for executing the work referred to therein by Municipal Agency I have the honour to state in reply that the Account Code Circular No 424 dated 4th Feb 41 issued by the Comptroller is simply based on the orders of Government prescribing the manner in which works in Municipalities are to be carried out and it is therefore not for the Comptroller to approach Government for sanctioning any deviation that special circumstances may demand but for the Department, which proposes such a deviation

The file of papers received are hence returned which may kindly be acknowledged

Sir,

Date of issue 4th Feb? '62.

Subject:- Constructions of Stalls in the Shandy Maidan Inside Rock Fort

Signed by H.G. Ramachandra Rao.

With reference to your letter A.S.C 105-4/61-62 dt 18.12.61 on the subject, I am directed to observe as follows.

List of enclosures

1 The Resolution of the Municipal Council as noticed in the papers sent

Copied by

2 It is seen from the Municipal Commissioner's letter addressed to you that the work originally

Examined by

intended for Construction of stalls Could not
be taken up for execution as the estimate
has had to be revised from Rs 1800 to
Rs 2550 and the M C C have not the
sufficient resources with which to meet the
extra cost. In these circumstance it is not
clear how the Council expect to meet work out
Cost of estimate for
as ~~Estimate of~~ Rs 3950 Preservation is therefore
necessary how the Council proposes to meet
the extra amount of Rs 3950 - 900 - Rs 3050

3 It has also to be examined whether in view
of the obligation of the M C C to provide
for more necessary services as drainage
separately under Constitution, it would not
be wise to push off the work in question
till better days of less cost & cheaper labour

4 Or the M C Council have to Confirm themselves
to the estimate for which the Govt sanctioned
work & original
a grant of Rs 500 + Rs 400

5 It may not be possible to make an
exception to the rules
in one instance & allow the M C C
to execute the work by their own Agency and
the E & P Charges would therefore be unavoidable

Subject Construction of stalls in the Shandy maidan, French Rocks

***

S i r ,

With reference to your letter No A5 C.1054/41-42 dated the 18th December 1941 on the subject, I am directed to observe as follows -

1. The resolution of the Municipal Council is not found in the papers sent

2. It is seen from the Municipal President's letter addressed to you that the work originally intended viz., construction of stalls could not be taken up for execution as the estimate had to be revised from Rs.1,600/- to Rs 2,550/- and the Municipal Council have not sufficient resources with which to meet the extra cost. In this circumstance, it is not clear how the Council expect to work out a costlier estimate for Rs.3,950 Information is therfore necessary how the Council proposed to meet the extra amount of Rs.3,950 - 900 = Rs.3,050

3. It has also to be examined whether in view of the obligation of the Municipal Council to provide for more necessary service as drainage separately under consideration, it would not be wise to put off the work in question till better days of less cost and cheaper labour

4. Or the Municipal Council have to confine themselves to the work and estimate for which the Government orginally sanctioned a grant of Rs.500 plus Rs 400

5. It may not be possible to make an exception to the rules in one instance and allow the Municipal Council to execute the work by their own agency and the Establishment, Tools and Plant charges would therefore be inevitable. A detailed report on these points may be kindly submitted after due consultation with the Municipal Council

The Records accompany.

I have the honour to be,
Sir,
Your most obedient servant,

Sir,

Subject The construction of stalls in the Shandy Maidan at French-Rocks

With reference to your letter No L 6736 dated 4-2-42 calling for further particulars on the above subject, I have the honour to state that the Municipal Council have resolved on 6-4-42 to postpone the question of constructing the stalls at present and that they may be permitted to utilise the amount now credited to the Public Works Department towards drainage scheme proposed to be taken up

As regards the information as to how the Municipal Council would work out a costlier estimate for Rs 3950/-, the President reports that in the estimate for the construction of the stalls, the estimate for putting up a compound wall to the shandy Maidan was also included as a result of which the estimated cost of the stalls and compound wall mounted up to Rs 3950/-

In the circumstances stated by the President in his report No C 107/40-41 dated 8-4-42 (Copy enclosed), I request that sanction may kindly be accorded to drop the question of construction of stalls in the shandy Maidan and to utilise the amount deposited with the Public Works Department for the drainage work, to be under taken now

The entire records received from the President, FrenchRocks are enclosed for kind reference and return when done with

I have the honour to be,
Sir,
